Monitors

B Series

The Acer B Series is designed for professionals who require exceptional visuals and comfortable viewing over long periods of time. Its ergonomic style, high contrast ratio, full digital connectivity, and dependable functionality make the B Series an outstanding tool for productive computing.

Professional, ergonomic style

The B Series comes in a stylish dark-gray bezel complemented by an elegant, sturdy black base, along with control buttons on the front panel to allow easy cleaning and intuitive use. To ensure comfort during prolonged use, you can adjust the height and tilt for the best viewing position. The spacious widescreen is great for multitasking with several open windows.

High-performance display

Acer-exclusive technologies, together with the excellent resolution, fast response time and high contrast ratio ensure reliable use and solid performance, while built-in speakers (optional) deliver impressive video and audio for high-impact presentations or cinematic entertainment after work.

Vital connections

Connect to the latest digital displays and appreciate media without loss of quality via the DVI port with High-bandwidth Digital Content Protection (HDCP) support. In addition, the built-in USB hub enables multiple displays and hassle-free connection to peripherals.

Energy-conserving functionality1

The B Series uses mercury-free LED backlighting, which cuts power consumption by up to 68%, reduces operating costs, and conserves nature's resources for a greener tomorrow.
